Tarot Decoded: Understanding and using dignities and correspondences

By Elizabeth Hazel

Weiser, U S A, 2005. Soft cover. Book Condition: New New. 1st Edition. "Tarot Decoded presents original and welcome methods of synthesizing tarot and astrology. It is a book for which the time has definitely come. With techniques and exercises, some based on metaphysical writings a century old, and others that are all her own, Elizabeth Hazel integrates the two pursuits in innovative and exciting ways. If you, like myself, are a person passionate about both tarot and astrology, you have probably read numerous top-notch astrology books as well as many excellent books on the tarot, but have found a dearth of material combining the two subjects. This book is the first step unabashed into that void and to provide many thought-provoking avenues for a successful and rewarding integration of the two arcane sciences.
