HarperCollins Publishers, United Kingdom, 2009. Paperback. Book Condition: New. New third ed. 308 x 226 mm. Language: English . Brand New Book. Completely new and extended edition of the best-selling Collins Student Atlas. Created specifically for Key Stage 4 students, and a vital tool for all students. Collins Student World Atlas has been specifically designed for students aged 14-16 years, however its well-researched uncluttered design makes it suitable for all students. This third edition has been extensively revised, updated and extended to include a dictionary of geographical terms. It features up-to-date reference and thematic mapping, mapping skills, country-by-country statistics and a fully comprehensive index to all names appearing on reference maps. Thematic maps and accompanying graphs and tables adhere strictly to the National Curriculum guidelines and cover topics such as Tourism, Telecommunications, Environmental and socio-economic topics. All maps have been fully updated using the latest statistical information available. The inclusion of a selective list of web addresses on each thematic page ensures students are motivated to explore more deeply into a topic. High quality satellite imagery, which has been selectively used within special topic or study areas, supports data on the maps and is used to illustrate key environmental issues. Extensive lists of statistics for demographic and socio-economic facts provide up-to-date data for students wishing to create their own graphs to support individual geography, tourism, mathematics, economics or IT projects. Included in this edition is a CD-ROM which introduces the subject of GIS, now a topic included in the Geography curriculum. The CD is produced in association ESRI, who design and develop the world's leading geographic information system (GIS) technology. It gives a broad overview of the importance of GIS and its use in everyday life by environmental agencies, the military, the police, emergency services, supermarkets etc. Data and...
