Reviews

Complete guideline for ebook lovers. Better then never, though i am quite late in start reading this one. Its been printed in an remarkably simple way in fact it is only right after i finished reading this book through which in fact transformed me, alter the way in my opinion.
(Montserrat Runolfsdottir)

MODERN JAPAN

Oxford University Press, USA. Paperback. Book Condition: New. Paperback. 144 pages. Japan is arguably today's most successful industrial economy, combining almost unprecedented affluence with social stability and apparent harmony. Japanese goods and cultural products--from animated movies and computer games to cars, semiconductors, and management techniques--are consumed around the world. In many ways, Japan is an icon of the modern world, and yet it remains something of an enigma to many, who see it as a confusing montage of the alien and the familiar, the ancient and modern. This Very Short Introduction explodes the myths and explores the reality of modern Japan, offering a concise, engaging, and accessible look at the history, economy, politics, and culture of this fascinating nation. It examines what the term modern means to the Japanese, debunks the notion that Japan went through a period of total isolation from the world, and explores the continuity between pre- and post-war Japan. Anyone curious about this intriguing country will find a wealth of insight and information in these pages. About the Series: Combining authority with wit, accessibility, and style, Very Short Introductions offer an introduction to some of life's most interesting topics. Written by experts for the newcomer, they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics, from philosophy to Freud, quantum theory to Islam. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
