Town Lyceums. A Town Lyceum is a voluntary association of individuals disposed to improve each other in useful knowledge, and to advance the interests of their schools. To gain the first object they hold weekly or other stated meetings, for reading, conversation, discussion, illustrating the sciences, or other exercises designed for their mutual benefit; and as it is found convenient, they collect a cabinet, consisting of apparatus for illustrating the sciences, books, minerals, plants, or other natural or artificial productions. To advance the interests of schools, they furnish teachers with a room, apparatus and other accommodations, for holding meetings, and conducting a course of exercises in relation to their schools, some of the eldest members of which, with other young persons, attend the meetings of Lyceums where they are exercised and instructed, in a manner fitted to their pursuits and wants. It is supposed that Lyceums may aid in furnishing schools, with some simple apparatus, juvenile books, or other articles fitted to awaken an interest and communicate instruction to their members. Town Lyceums have conducted their exercises in several different ways, to suit the wishes and acquirements of those who compose them.
