An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

BIRD HOMES AND HABITATS

HOUGHTON MIFFLIN, United States, 2013. Paperback. Book Condition: New. 228 x 176 mm. Language: English . Brand New Book. Two of the best-known names in birding Peterson and Bird Watcher s Digest team up to provide reliable, expert advice on how to attract the birds you want into your yard. Which birds use nest boxes? What s required to maintain a birdhouse? What kind of habitat will attract which birds? What does it take to be a bluebird trail operator? What does it mean if baby birds or eggs disappear from their nest? Bill Thompson III answers all of these questions and more, helping readers to create yards and gardens where birds will make their homes and raise their young. It s easy enough to hang a birdfeeder. But there are plenty of other things that can attract birds to a landscape and, in fact, birds need four essentials: food, water, shelter, and a place to nest. The more of these elements a yard has, the more attractive it is to birds. A lavishly illustrated chapter provides ideas and inspiration for creating bird havens by profiling Birdy Backyard All-Stars, fifteen homeowners from around the country who have actively worked to create bird-friendly habitats.
